Subject: SYR Tower Audio Synopsis

The following is a synopsis of SYR tower communications involving the collision of N1178F and Syracuse Airport Operations Vehicle (OPS6). The audio is added as a separate item in the docket for this investigation.

OPS6 was heard starting at the beginning of the recording while doing a morning inspection of the movement areas.

At 13:25:17 - OPS6 calls clear of the movement area.

At 13:27:52 - N1178F calls Ground for taxi and is given taxi via November, Hotel to Rwy 10.

At 13:28:13 - N1178F calls Ground to report that they were hit by the OPS6 truck. ATC acknowledges.

At 13:31:16 - ATC asks N1178F and OPS6 if they need ARFF to respond. No answer from either.
