

MEMORANDUM FOR RECORD

Daniel Boggs
Air Safety Investigator
Eastern Region

Date: 4/16/2025
Subject: Interview Matt White-pilot
NTSB Case Number: ERA25LA137

Mr. Matt White was interviewed by telephone.

Mr. White was the pilot of N347M. He stated that during takeoff, he heard a loud pop and was not sure if it was the engine or airframe. He pulled the throttle back and when he realized it was the door that popped open, he thought he pushed the throttle forward but is not sure if he did. He noticed the airspeed was not increasing so he looked for a place to put it down.
