Description of Damage to Aircraft and Other Property *(Use additional sheet, if necessary.)*

Damage to left lower wing tip and aileron. No other property damage.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink.)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Departed KDYL en route to KASH with a planned stop for fuel at KDXR. On the landing rollout as I was slowing down the aircraft ground looped right and came to rest in the grass just off the runway. The wingtip made slight contact with the runway. I asked for taxi instructions to the FBO where a statemet was taken by airport personel and after looking at what at the time seemed like a light scratch they wrote down no damage. I then asked for taxi directions to the Mechanic on the field where I left the aircraft to make sure there was no further damage.
