NARRATIVE HISTORY OF FLIGHT (Please type or print in ink.)				
Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.				

During my landing in N711 atKOB on November 28, 2025 on the grass area of runway 32 for safety the right wing rose up and the aircraft became unstable. I was not able to recover and regain control of the aircraft, and the aircraft veered left and the wing and gear impacted the airport fence followed by the propeller impactingthe ground. There were no injuries to either myself or my passenger [REDACTED]. We exited the aircraft safely on the left side.

OPERATOR/OWNER SAFETY RECOMMENDATION (How could this accident/incident have been prevented?)

A more direct angle into the wind and crosswind correction.
