

Kurt Gibson
Aviation Accident Investigator
Eastern Region Aviation

Date: 05/20/2026

Subject: ERA26LA143

Contact: [REDACTED] - Maintenance Director

The following is an excerpt from an email from [REDACTED] the NTSB IIC regarding the size of the damage to the wing:

"Length on leading edge 5'

Top skin 4' in length and 3' aft

These measurements are in total length and total aft."
