

NTSB RECORD OF CONVERSATION

Adam Gerhardt
Air Safety Investigator
GAA – General Aviation Accident Investigation

Date: 3/17/2015
Person Contacted: Wayne Jensen (FAA Inspector)
NTSB Accident Number: GAA15CA007

Narrative:

During a telephone conversation with the FAA inspector the conditions of the accident were discussed. The inspector described substantial damage to the left wing and left strut of the airplane. The inspector said in a discussion with the pilot, during landing the airplane swerved to the right, hit a snow bank adjacent to the runway and flipped over onto the airplanes back.

The inspector reported that the pilot stated the winds were light and variable and Visual Meteorological Conditions (VMC) prevailed. The pilot was on a cross country flight from great Falls, MT (GTF) to Afton, WY (AFO).

The digest was reviewed with him/her during the phone call and he/she agreed with the content.
