NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

While doing take-offs and landings on Runway 36 at PATK, I had a sudden engine failure. At that time, I had one hour of fuel remaining including 6 gallons estimated. The left wing fuel gauge was covered by headliner material and was not visible. The right wing fuel gauge indicated 1/4 full. I tried to troubleshoot the engine failure and ended up landing in the trees, left of Runway 36. I called for help as I was unable to exit the aircraft due to injuries.
