NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Me and my instructor had done around 6 take offs and landings prior to the incident. We stopped to fuel and he asked if i felt comfortable to go up by self. Had a good take off went around the pattern one time came in for a landing as soon as my wheels hit the pavement it jerked to the right hard tried to straiten it out but was going to fast so put the power in and tried to take off again that jumped me the the right of the runway the prop hit first on a high spot on the ground then the wheels colapsed under the plane and slide to a stop
