RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

- 1) Earlier release of flaps to reduce sail effect
this may have helped the plane stop sooner
- 2) Earlier recognition of a tailwind effect and about landing
for a go around attempt

NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

ON 05/18/2016 @ 1900 PDT I preflighted my plane and prepared to perform practice take-off and landing @ OSS (Bunker Field). The wind was variable @ 3-5 KTS in a southwesterly direction. My 1st take-off and landing was successful using Runway 15. AT 1920 I took off for a second pattern using Runway 15. UPON ENTERING my final approach I determined that the wind had changed somewhat now coming from the west-southwest direction but still approximately at 7 knots. I prepared for a crosswind landing with a forward slip technique. ONCE I TOUCHED DOWN @ approximately 200' past the Runway Numbers I encountered a significant gust of wind in a Northwest direction. I was @ the 1/2 way mark and determined that a go-around attempt would fail. I WAS ABLE to slow the plane under control until 200' before the end when a second rear quartering tailwind gust pushed the plane off the runway left side and just across Runway 33 entrance. This caused me to miss the run off section and forced the plane down the embankment.

ADDITIONAL INFORMATION (Please type or print in ink)

Use this space if additional space is needed for any answers.

ONCE the plan nose dipped down the tail was
 lifted up by the wind causing the aircraft to
 flip over nose-first onto its wings. This occurred
 @ A very slow rate of speed.

I HEREBY CERTIFY THAT THE ABOVE INFORMATION IS COMPLETE AND ACCURATE TO THE BEST OF MY KNOWLEDGE
