Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

4 holes in wing from collision with airport signs
1 hole in horizontal stabilizer from collision with airport signs

Damage to two airport runway indicator signs

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Departed KPWK at 1929 for a local flight on runway 06.
Flew to north of McHenry, IL for aerobatic flight.
Returned to KPWK direct to runway 12.
Touched down at 2012 with a small bounce.
On rollout pilot noticed that left side of plane was not as stiff as it should be which indicated that the left landing gear had likely failed.
Pilot held plane level until left wing stalled which caused left wing to contact runway and pull the plane to the left. The plane left the runway to the left, and collided with two runway indicator signs.
The plane came to a stop in the grass with both landing gear in retracted position under the plane.
