Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

On approach to 4th landing on the water, just at touch down the nose pitched down aggressively and aircraft was tossed over on it's back. Aircraft floated for approximately 5 min. before sinking. I really have no idea what might have caused this action bur I suspect either a nose gear malfunction or possibly contact with a submerged object.
