Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

The helicopter was parked in the back of the farm along with farm equipment, we needed the space and we had no crane or excavator in the farm to move the helicopter away so I decided that I would fly it away about 100ft to a different location, when I got to the new location I got scared of the electrical wires and I lost control and I dropped it down in the rice field which was next to the location where I was suppose to park.
