Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Broken boom and damage to empennage.
Damage to both wings.
No damage to other property.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I took off from Wurtsboro on 6/17/2016 at 14:47 local time during a soaring contest. While on task, after 5pm local time, I found myself in the area of sink west of Otisville, NY.
In the absence of lift I decided to land and proceeded to two fields I identified previously as possible emergency off-field landing sites. I flew over the area and picked the cultivated field oriented in NE-SW direction with some tree obstruction on both ends.
I approached the field from NE and when attempting the emergency landing I overflowed the field and impacted the trees in the area on the far right hand side. The sailplane came to rest between two trees on the border between properties.
