I'm sorry to continue with the questions, but I have one more. After the accident, did anyone check inside the fuel tank(s) and did anyone notice how much fuel was remaining or if the tank(s) were empty?

Thank you for your help,
Kate

Robert,

In your 6120 form you put down a crew member, but there is no name. Unfortunately, for our database, if you list a "crew" member was present I need to have a first and last name as well as a certificate

number. So please send me that information at your earliest convenience.

Thank you,
Kate
