Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Was taxiing off of taxiway Hotel to the gas area. Was waved around the back side of two parked aircraft on the ramp, after passing the first aircraft on the back side, the left wing struck the hanger. I was taxiing with my hand on the throttle so when the wing struck it threw me/ my hand forward and put the throttle full in, I quickly applied the breaks and pulled the throttle to idle before the front of the plane struck the hanger. From this point I shut down the plane as I would normally off the checklist.

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

Remain focused on the task of taxing the aircraft, rather than looking at the person/ parking spot. Do not let distractions get in the way of taking care of the airplane.
