NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

At 1100 Hawaiian local time I departed VFR from Lihue to return to Kaiaeloa airfield. I was cleared to land runway 4L and began my approach. During my flair for landing I believe I placed the nose of the aircraft higher than what is normal and caused the aircraft to bounce three times on the landing. Tower cleared me off the active to go into parking for termination. During my taxi it sounded like I had a flat tire but did not notice a lean in the aircraft. Upon shutdown and during my post flight I discovered the nose wheel landing gear tire was flat.
