Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Aircraft landed in pond. Engine submerged. Extensive damage to landing gear, prop, and airframe.

Transmission wires were cut when aircraft travel through them.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

To the best of my knowledge, mid-turn caught gust of wind, heading downwind, buffer occurred. Tried to stabilize the aircraft by pitching nose down and turning back into the wind. Was not going to clear tall wires, tried to go underneath at which point the right wing clipped bottom wire. Aircraft too unstable to recover from that point.

Departure Time: 9:30 am

Location: Paragould, AR

Destination: Rice field south of Hwy 412 East and west of Hwy 135 South in Paragould, AR
