Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

I had neglected to brief an abort point for the takeoff. I believe that if I had designated a planned abort point on the runway before beginning the takeoff, I would have likely aborted earlier, allowing for a safe and successful aborted takeoff, without damage to the aircraft.
