Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

Visibility to the signature FBO intersection was restricted due to a large Gulfstream parked on the south side of their ramp near the intersection. We have change our procedure to require a full stop any time a jet is parked in this location to prevent such an incident from happening again.
