Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Approach to the airport @ 500'/min & made a perfect 3pt. landing (2 witness). 1 minute (+-) later I was told by the witnesses that they saw a puff of smoke from my left tire. The plane immediately veered to the left, I immediately applied full right rudder with no effect, + then full power, also to no effect. I reduced power + turned off the engine. I impacted trees etc & the plane was destroyed.
