NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

On 4/6/2017 I was conducting a training flight with Glen Copeland in N206SA a Bell Jetranger helicopter . During the training flight Glenn and I were conducting hovering auto rotations in the southeast corner of Brackett Airport. On this particular hover auto when I rolled off the throttle the student raised the collective too soon which resulted in the aircraft climbing. Unfortunately this climb resulted in a loss of rotor inertia resulting in a moderate contact with the ground.
