

OKCAB ~~04-09-2017~~ 04-09-2017 ACCIDENT

I WAS LEAVING THE STAFFOR AIRPORT
WINDS WERE VERY LIGHT 5 MPH MAYBE
OUT OF THE SOUTH. I DECIDED TO USE THE
SOUTH EAST RUNWAY SINCE I HAD LANDED
ON 17 & IT WAS VERY ROUGH.

THERE IS A HILL ABOUT $\frac{1}{3}$ OF THE
WAY DOWN THE RUNWAY SO YOU CANNOT
~~SEE~~ SEE THE FAR END WHEN I RAISED
THE TAIL AND CAME UP THE HILL I WAS
TO FAR TO THE RIGHT-(WEST). I TURNED
LEFT BUT WAS TOO CLOSE TO GET ALIGNED
WITH THE RUNWAY I RAN OFF THE RUNWAY
IN VERY MUDDY GROUND & THE AIRPLANE
NOSED OVER AND CAME TO REST INVERTED
