Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Propeller bent back, right landing gear folded up, wrinkle in left fuselage fabric above landing gear attachment, wrinkle in left wing tip fabric outboard of position light.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Narrative: I took off from PABV at 1320L on 25 June, 2017 and headed towards the Boulder Creek valley near Chickaloon. Wx was vmc. The intent of the flight was to locate a strip in the Glass Creek valley. Pre-flight planning had indicated that a strip in the valley would be about 5,000 'msl. The Koch chart indicated a %70 increase in take-off and landing distance requirement. Sea level tests of the plane demonstrated 300' take-off and landing averages for off airport strips. The strip was located and I did 3 flybys to assess strip condition/wind/length. I assessed the strip to have 600' of landable surface with tundra overrun in either direction. I entered a left pattern and ended up on final in landing configuration and speed. As soon as the tires made contact with the ground we bounced a little and I executed a go-around: full power/flaps to 10 degrees/tail in takeoff attitude. We continued in this profile until making contact with the backside of a small ravine. Upon contact, the propeller bent back and the nose hit a sloping gravel embankment. There was little damage to the airframe. The right landing gear collapsed and the belly pod was cracked.

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

More training in high altitude take offs and landings. More training in go-around techniques in bush planes.
