NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

On July 25, 2017 at approximately 6:00-6:15 am I took off from my private airstrip near Payneaway, AR (South of Trumann, AR) in N802DL. I flew northwest approximately five miles. As I flew towards the field I was planning to spray I was traveling at approximately 170 mph and encountered rapidly decreasing visibility. I began a 180 turn to fly out of the conditions. During the turn the visibility went to 0 and I struck the ground. The weather conditions at the time I took off were clear, winds calm, a little hazy but good visibility.
