

NTSB RECORD OF CONVERSATION

Adam Gerhardt
Air Safety Investigator
General Aviation Accident Investigation Division, AS-20

Date: 9/21/2017
Person Contacted: Joseph M. Arvay (FAA Inspector)
NTSB Accident Number: GAA17CA545

Narrative:

The following is a summary of a conversation that occurred with the individual named above:

- The inspector reported that the pilot in command reported to him during a telephone conversation that, he rotated at the speed he normally does when single pilot, but during this flight he had one passenger on board. He added that the pilot reported that, the airplane wasn't gaining altitude in the initial climb, so the pilot pulled power to idle and slammed the airplane back to the remaining runway.
