Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Damage to leading edge of right wing inboard of the fuel tank.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

N4509F left 9G3 approximately 0930 10/27/2017 for 9G0 on an instructional flight to practice landings. We obtained VFR flight following for the enroute portion of the flight. During the roll out of our first landing on runway 24 a deer appeared from high grass and bushes to the north of the runway. The deer impacted the right wing inboard of the fuel tank before I could react. We were able to stop the aircraft on the runway, then taxied to the ramp. There were no injuries to either occupant of the aircraft.
