Description of Damage to Aircraft and Other Property (Use additional sheet if necessary)

NO other damage observed

NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Owner desired me to fly him to KRAP for fueling and to pick up passenger. There was light snow on the ground from previous snowfall. (2" appx). Field is short with a deep ditch at both ends of the grass field. Owner had recently installed LARGE TRI-CYCLE gear - reinforced and felt there would be NO problem departing in soft field conditions. All procedures for soft field take-off were followed. Upon arriving at go/no go decision point the nose wheel lifted from the ground and all seemed well. However, appx 30ft later upon encountering deeper snow pack the nose descended to the ground. I closed the throttle and attempted to abort the landing. - SKIDDING THE AIRCRAFT AWAY from the deep ditch. The right wing tip hit the ground & the plane spun 180° and stopped in a shallow/moderate ditch. All controls were shutdown and all crew & passengers evacuated.

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

OWNER PRIVATE field too short for take-off in
soft-field conditions

ADDITIONAL INFORMATION (Please type or print in ink)

Use this space if additional space is needed for any answers.

The RAISING of The Aircraft NOSE At The go/NO go point provided a false indication of The beginning of A safe soft-field TAKE-off - Deeper snow further on required AN Abort TO Avoid flying over A deep ditch into A hill directly in front of The Aircraft. I believe, while considerable damage WAS incurred on the Aircraft, swerving The plane TO The left and away from The deep & wide ditch SAVED injury to both occupants.

I HEREBY CERTIFY THAT THE ABOVE INFORMATION IS COMPLETE AND ACCURATE TO THE BEST OF MY KNOWLEDGE
