NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

On initial approach, lined up w/ runway, good altitude
good sight picture of approach. Full turn, full flap.
I added a little power to extend the approach - aircraft
appear too low - I added additional power
with this aircraft caused a sudden on immediate
nose-high pitch up attitude. The aircraft stalled
and rolled to the right. It impacted on the
screw bank on the right side of the graded runway.
Both accounts listed the aircraft immediately.
The aircraft caught fire and burned.
