Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Right landing gear broken. Right wing bent. Right wing float sperated from wing. Dent in hull.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

Departed Whiteplains Plantation (SC99) at approximately 11:00 AM local time. Flight for refueling was to Lexington County Airport at Pelion (6J0). Columbia ATIS was reporting winds at 090 degrees at 11 knots gusting to 15 knots. Upon arrival at 6J0 a normal landing was made initially but winds appeared to be stronger than 15 knots. Landing on runway 18 the aircraft began to veer to the left due to the crosswind and right rudder was applied to no avail. Full right rudder would not keep the aircraft on the runway. It exited off the left side of the runway approximately half way down the runway. The aircraft then hit a water containment ditch approximately thirty feet to the East of runway 18. The aircraft right landing gear hit the upslope of the ditch and sheared off. The right wing then hit the ground and bent upward just outboard of the lift strut cracking the wing spar. The right wing float and float strut separated from the wing. Slight hull damage occurred when it hit the upslope of the ditch. When the aircraft came to a stop, it was headed North with the left wing approximately twenty feet from the East edge of the runway. The aircraft was completely clear of the runway and local traffic was landing and taking off with no obstruction from the disabled aircraft.

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

A go-around should have been executed and a return to SC99 where the winds were more favorable. I should have stayed home!
