Description of Damage to Aircraft and Other Property (Use additional sheet if necessary)

Damaged Right Gear once we went into grass area

NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I was in right seat, Pilot Zachary McTaggart flew Aircraft from Ft. Worth to ITX, 4 Miles out, we had rough engine and I took over, couldn't clear fouled plugs or other issues. We had approximately $\frac{1}{2}$ the usual power, we went through all possible scenarios, then I decided to fly to near airport and come in high & a little faster due to fear of not being able to 'make it' or have to deal with gusting wind from north or the creek @ Runway 34. I landed approx 1,200 feet into Runway with 1,700 approximate runway left, we tried to stop using brake, then I took the aircraft to the grass to stop it.
