Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

Student Solo

Student Mr. Zhang was taking off from the runway 01. As he checks the wind socks he realizes wind is from right. He was right aileron correction with right rudder. As he reaches rotation speed, he rotates and drifts to the left. At this point he is realizing he is losing control and idles the power and aborts the takeoff. Nose gear touch back down and take hard left off the runway.
