Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Arrived at Clermont county at 3:55 local time. filled out the renters paper to get the keys. walked out and did the preflight of the aircraft also did weight and balance with the current fuel and weight. the fuel truck came and started to get the fuel lines out I asked if the aircraft needed to be fueled and I was told yes and he filled the plane to full tanks. I then sat in the aircraft followed the checklist. The time is about 4:10-15. I started to taxi to runway 22, got the Garmin and all the instruments up and running. did the run up, called on Unicom, lined up with runway 22, set brakes, full power the released the brakes, 65mph came on the airspeed I rotated the plane lifted off but I didn't feel comfortable with the way the aircraft was performing so I pulled power sat the plane back onto the runway used the brakes and aerodynamic breaking as much as I could. but I was to fast and didn't have enough runway so I looked for the best way out in my head and saw the exit ramp for runway 22 and tried to go for it but again I was too fast and understeered into the ditch where the plane sat. the time was around 4:25-30.
