NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

I came into KBVI and performed a go around due to an unstable approach. While on the downwind, ATC had advised me of wake turbulence. I thought my approach was stabilized. I bounced twice. I tried to perform another go around but it was too late and the propeller struck the ground. I was able to taxi off of the runway and taxiway into Moore's ramp. I walked away with no injuries.
