

RECORD OF CONVERSATION

Eleazar Nepomuceno
Air Safety Investigator
General Aviation Accident Division

Date: 11/27/2018
Person Contacted: Andrew Porter (FAA inspector)
NTSB Accident Number: GAA19CA069

Narrative:

The following is a synopsis of the information provided by FAA inspector in a telephone conversation on this date:

- Pilot's very first flight in this airplane as he was hired by the owner for a ferry flight.
- The pilot attempted to land on runway 09 after a go-around.
- He found evidence that the airplane landed on the nose gear and then veered to the left before the main landing gear touched down.
- The airplane exited the runway and struck a fence.
- A postaccident examination of flight control continuity was confirmed. There was no mechanical malfunctions or failures to the airframe or engine.
