Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

No property damage. Aircraft sustained verticle stab and rudder damage, prop strike, cowl damage, windshield damage and both wings sustained damage. Aircraft remained whole in that no parts were separated from main structure.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

A friend and I left UT47, where we both have homes, about 11:40. I wanted to show him an airstrip I'd visited several times about 18 minutes from UT47. As we approached, we realized the strip was covered in snow. On closer inspection I saw numorus vehicle tracks covering the entire runway. I decided not to land but to take a closer look with a low flyby with a light touch to gauge the surface. When I touched, what looked like compacted snow dragged my plane's speed down to the point it penetrated what turned out to be a crust on the surface and the plane nosed over. We were not injured and took refuge in a house on the strip. Using my I inReach we put out an SOS. Within a couple of hours a rescue helicopter arrived and flew us home. I called the property owner who I'd never met and explained our trouble. He said he was a pilot too and was glad that we found shelter in his house.

RECOMMENDATION (How could this accident/incident have been prevented?)**Operator/Owner Safety Recommendation**

To put it simply I would say be very respectfull of and even overly cautious of surface condition on a runway. Especially on a little used backcountry airstrip. I made the mistake of proceeding when I should have just turned and headed home. It was a very expensive to learn.

MECHANICAL MALFUNCTION/FAILURE (If more space is needed, continue on separate sheet)
