Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

We landed at Bellingham airport. 10:20 am. Then we did US Customs and we planned to head to Arlington airport. We taxied down to taxiway F to A to G. We were holding short of RWY 34.

We got our Take off Clearance. We moved forward to RWY 34.

We started to turn to the right on to the Runway.

All of a sudden the wind blew in from the right side and lifted the wing. I was not able to control the from that point and the plane was pushed to the side of the runway and flipped over from the back. over the top and landed upside down.
