NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I was making my third practice landing at ME03 and made a bounced landing and tried to recover but veered to the left and stuck trees at the edge of the runway. All wreckage on the plane only. Departure was around 1220 EDT and after a short flight in the area, returned to the air field to practice landings. Had two successful landings and had a bounce on the 3rd about half way down the runway. Attempted to climb out from the bounce but not enough altitude to avoid the trees on the left of the runway.
