☐ In-Flight ☐ Fire at Unknown Time
☐ On-Ground ☐ Unknown

Aircraft Explosion

- ☒ None ☐ Both Ground and In-Flight
☐ In-Flight ☐ Explosion at Unknown Time
☐ On-Ground ☐ Unknown

Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Prop strike, collapsed nose gear, and dented right wing leading edge. Other property damage was a runway sign that was knocked down and run over.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

As I was completing final approach for runway 08 with 20 degrees flaps, I flared my decent at the runway threshold. I experienced a landing stall which caused the aircraft to fall the final 3 to 5 feet hitting the runway with a jarring feeling. The 'plane landed on the main gear, but the nose gear impacted the ground immediately after. The nose gear impacted the runway right before a slight lip which denoted the beginning of the run up pavement (a patch of pavement about 40 feet long that is used for airplane run ups prior to take-offs). When the nose gear hit that lip, the tire blew out causing the mounting framework to collapse. This caused the propeller to strike the pavement at such an angle as to push the nose of the airplane to the right. The airplane exited the runway and knocked down a reflective runway sign. That sign was three by four foot 3/4" plywood covered with reflective arrows and held up by two 4x4 posts. Those posts dented the right side wing at its base and caused the plane's nose to swing further to the right. The plane skidded up to within 10 feet of my normal parking area. All passengers exited without further mishap, and the airplane was pushed back into its parking spot and tied down. The home owner's association for the Anderson Lake neighborhood said that they would re-install the sign and send me the bill.

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

None.

MECHANICAL MALFUNCTION/FAILURE (If more space is needed, continue on separate sheet)

Was there Mechanical Malfunction/Failure? ☐ Yes ☒ No
(If yes, list the name of the part, manufacturer, part no., serial no., and describe the failure.)
