Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Unable to describe.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I was planning to perform a few practice touch and go landings at KPVF in Cessna N177cw on July 30, 2019. After performing preflight tasks I made a normal take off approximately 1015 am. I was making a normal landing to runway 23 at KPVF at 80 mph with $\frac{3}{4}$ flaps. The plane touched down and bounced twice. I applied full power, carb heat off and flaps up. Not sure exactly what % the flaps went up. The plane appeared to slow down. The next thing I remember is laying on my back in an ambulance.
