NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

To Whom it May Concern,

On Friday, October 4th I landed N192DP at CA89 in Lake Elsinore, California. The landing was uneventful. While taxiing down the runway to the parking area, it felt as though the runway became excessively bumpy. I am told from the outside it looked as though the front landing gear dug into the sand until it broke off. At that point the nose jumped up briefly before coming down on the propeller. The plane flipped over. My wife was onboard with me at the time. We were both able to crawl out from the broken canopy and are unharmed apart from minor cuts and bruises.

Sincerely,
Dylan Grigg
