Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Airplane suffered damages to propeller, spinner, cowling, exhaust, engine mount, and firewall.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I departed Douglas (KDQH) around 7pm on said day for no other reasons than a "joy-ride" or building time. I flew direct Fitzgerald (KFZG), entered and Left Downwind/Base/Final for KFZG. Runway lights keyed on as they should, I verified runway was clear before touching down(7:15pm) . after touchdown I had slowed down substantially and was getting ready to turn off of the runway when a deer struck my plane from the right side. I never saw the deer until he hit my airplane. I taxied to the ramp to assess damages and walked back to remove the deer from the runway.
