Subject: McCall Municipal Airport Incident - 3 June 14

Hi Mike,

Please see the response below from our police chief. It looks as though this matches what the pilot expressed to me following the incident. In discussion with the Forest Service (entity that dialed 911) they made this call almost immediately after seeing the incident while standing on their ramp.

Just let me know if there is anything else I can do to assist. Have a great day!

Nathan Coyle
