

STATEMENT

ON JUNE 23rd 2014 WHILE PERFORMING PILOT DUTIES FOR FARM AIR FLYING SERVICE I WAS RETURNING TO BASE FROM THE SOUTH APPLICATION SITE WHEN THE AIRCRAFT SUFFERED A SUDDEN AND TOTAL ENGINE FAILURE, AT APPROXIMATELY THREE HUNDRED FEET AGL. I IMMEDIATELY TURNED RIGHT TO THE EAST ATTEMPTING TO LAND ON A FARM ROAD, HOWEVER THE RATE OF DESCENT DID NOT ALLOW ALIGNMENT AND TOUCH DOWN IN THE FLOODED RICE FIELD RESULTED IN OVERTURN.
