Region: Western Pacific

Date: 9/10/2014
Person Contacted: Danial Gilligan
Aviation Safety Inspector
Scottsdale FSDO
NTSB Accident Number: WPR14LA371

Narrative

ASI Gilligan responded to the accident site for WPR14LA371.

ASI Gilligan reported to the IIC that he examined the airplane and found no mechanical or airframe anomalies other than the reported loss of engine power. He further collected and retained fuel samples from both the accident airplane and the operator's fuel storage tanks.

On 9/16/2014 ASI Gilligan gave the fuel samples to the independent laboratory as instructed by the IIC.

No photographs of the accident airplane were provided.
