

INSPECTOR STATEMENT

Re. Accident AWP2515008

I contacted the Shasta County Coroner's Office on 4/24/2015. I spoke with a lady by the name of Noel. I asked for information as to the cause and manner of death of Zachary Stickler. She stated that the Coroner has ruled the cause of death to be Exsanguination, Multiple Traumatic Injuries, Blunt Force Trauma and Plane versus Ground. She stated that the Coroner ruled the Manner of Death as Suicide.

I inquired about the toxicology box sent to them by CAMI and she said the specimens went out back to CAMI on or about 4/20/2015.
