Please describe what you saw, heard or know of this incident using full names, dates and times.

At approximately 0730 hours on Monday June 6th, 2016, I
Marcus Richel witnessed a crop duster flying erratically in
the area of Tenney Rd and Farmington Rd approximately 5 mi.
south of Tekoa, WA. I was driving my morning school bus route.
I did not know for sure who the pilot was, but I noticed that
the plane belonged to Greg Fawcett of Tekoa, WA. As the
crop duster was spraying the field, he was taking very steep
dives, a lot steeper than I've witnessed ~~there~~ that plane normally.
Take. As I was ~~the~~ driving down Tenney road (I was eastbound),
he came very close to hitting my bus (within approx 500 ft) and
almost hit the ground.

I have read this statement consisting of 1 page(s) and the facts contained therein are true and correct to the best of my knowledge.
