

WPR16FA172 Witness Report Excerpts

██████████ indicating that he and his wife, ██████████ were on their way to dinner and exiting the park when he observed a single engine Cessna type plane fly over the park and make a turn towards the airport. ██████████ stated that the right side of the plane went up in the air and the plane took a nosedive, crashing into the trailer park between rows K and C.

██████████ who stated that he had been down by the river when he heard a plane flying close by. ██████████ stated that he looked back and saw a small plane do a half barrel and then a nosedive into the RV park. ██████████ next ran over and saw a trailer on fire and helped evacuate the male and female whose trailer was nearby the plane crash.

██████████ who lives in the trailer park at #C3, who indicated that she had just finished dinner and was standing looking out the door window when she saw a Cessna upside down and crash into the ground approximately three spaces away from her. ██████████ stated that the plane "sounded different weird as it was coming down." ██████████ ran out and assisted with evacuations.

Driving on 395 freeway going South. Taking my son to the airport. ██████████ (son) is a pilot he witnessed the entire incident call him at ██████████ I was in the back seat when ██████████ screamed. I saw a plane flip upside down and crash. ~~Black smoke~~ Black smoke just filled the sky just north of the Reno Tahoe airport.
