Model:

*See attached FAA Approved Model List (AML) No. SA01026SE for list of approved airplane models and applicable airworthiness regulations.

Description of the Type Design Change: Improved fuel gascolator assembly. Manufactured in accordance with Steve's Aircraft Master Drawing Lists 1/4 NPT 3/8 Line Design, dated November 11, 2002, or 3/8 NPT 1/2 Line Design, dated November 20, 2002, all initial release, or later FAA approved revisions. Installed in accordance with the Installation Instructions specified in Approved Model List (AML) No. SA01026SE, or later FAA approved revisions. Maintained in accordance with the Instructions for Continued Airworthiness (ICA) specified in Approved Model List (AML) No. SA01026SE or later FAA approved revisions.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate, AML, and ICA must be maintained as part of the permanent records for the modified aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
