Joshua D. Cawthra
Senior Aviation Accident Investigator
Western Pacific Region

Date: May 2, 2018
Person Contacted: Laura Estanislau - Passenger
NTSB Accident Number: WPR17FA029

Narrative:

During a conversation with Mrs. Estanislau, she reported that she didn't recall much about the accident flight other than the pilot conducting a touch and go landing and stating he "didn't like the way that felt" prior to pulling out and banking hard to the right. Mrs. Estanislau stated that the pilot appeared to me calm and nothing alarmed her. The last thing she recalled about the accident flight was going "straight down."
