Attachments: Herndon Blythe Intersection.pdf

Michael,

Traffic Operation Center (TOC) does have a camera at Herndon/Blythe. The TOC cameras do not record any of the feeds.

Thanks.

Subject: NTSB Query re Traffic Camera near Sierra Sky Park

Hi John

As discussed, here's my email query re whether the camera in question is a City of Fresno Traffic camera, or someone else's

Its at the intersection of Herndon and Blythe, and supposedly faces the airport (Sierra Sky Park)

I understand that none of your cameras have any recording capability, but if i can positively determine whether this device is in fact one of yours that would be helpful

[REDACTED]
Thanks again
